INDEPENDENT AUDITORS REPORT ON INTERNAL CONTROL

To the Board of Directors
of Havkit Corp.
c/o David Kaplan
64-31 Ellwell Crescent
Rego Park, NY

Gentlemen:

In planning and performing our audit of the financial statements and supplemental schedule of Havkit Corporation (the Company) for the year ended December 31, 2001, we considered its internal control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17-a5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the policies and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level of risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Roger D. Druff". The signature is fluid and cursive, with the first name "Roger" being the most prominent.

Total Liabilities and
Stockholder's Equity \$431,042

NOTES TO STATEMENT OF FINANCIAL CONDITION:

- Note 1: Significant Accounting Policies:
Security transactions and related revenue and expenses are recorded on a trade date basis. Securities owned by the Company are stated at market value.
- Note 2: Net Capital Requirement:
The capital ratio as independently computed by our auditor was .28% versus an allowable maximum of 1500% under the existing rules of the Securities and Exchange Commission. The Company's Net Capital Requirement under Rule 15c3-1 of the Securities and Exchange Commission was \$100,000 whereas the Net Capital as computed was \$384,984 leaving a capital in excess of requirements of \$284,984.
- Note 3: The Firm's office lease expires August 31, 2002; with an option to renew, the monthly rent being \$900, or \$10,800 per year.

HAVKIT CORP.

STATEMENT OF FINANCIAL CONDITION

DECEMBER 31, 2001

EXHIBIT "A"

Note 4: Financial Instruments With Off-Balance Sheet Credit Risk:

As a securities broker, the Firm is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Firm's transactions are collateralized and are executed with and on behalf of banks, brokers and dealers, and other financial institutions. The Firm introduces these transactions for clearance to another broker/dealer on a fully disclosed basis.

The Firm's exposure to credit risk associates with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Firm and its clearing broker provides that the Firm is obligated to assume any exposure related to such non-performance by its customers. The Firm seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.

Note 5: A deferred tax is computed on the unrealized profit on the markup of firm securities.

A copy of the Company's statement of financial condition as of December 31, 2001, pursuant to S.E.C. Rule 17a-5, is available for examination at the Company's office and at the Regional Office of the Securities and Exchange Commission.

INDEPENDENT AUDITOR'S REPORT

To the Officers and Directors
of Havkit Corp.

I have audited the accompanying statement of financial condition of Havkit Corp. as of December 31, 2001, and the related statements of income, statement of changes in corporation capital and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes the assessing of the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Havkit Corp. as of December 31, 2001, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

My audit was made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in Schedule 1 is presented for purposes of additional analysis and not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
